RESILIENT ENERGY SYSTEMS

- Knowledge of the capabilities and application of distributed energy resources
- Tools for developing and evaluating plans for resilient facility energy systems
- Understanding key metrics for balancing energy resilience, energy cost and clean energy goals
- Best practices and lessons learned from the implementation resilient energy systems

AGENDA – DAY 1

- 9:15 – 9:30 AM **DOE CHP Deployment and the Distributed Generation for Resilience Planning Guide**
- 9:30 – 10:00 **Energy Resilience with Distributed Energy**
- 10:15 – 11:45 **Panel Discussion: Experiences in Developing Resilient Energy**
- 12:45 – 1:30PM **Resources & Financing Mechanisms**
- 1:45 – 3:00 **Planning & Evaluating Resilient Energy Systems Work Groups**
- 3:00 – 3:15 **Day 1 Wrap Up**

AGENDA – DAY 2
