15th Annual Southeast Florida Climate Leadership Summit

Miami-Dade County and the City of Miami Beach will proudly host the 2023 Southeast Florida Regional Climate Leadership Summit at the Miami Beach Convention Center.

The Southeast Florida Regional Climate Change Compact was created in 2010 by Broward, Miami-Dade, Monroe, and Palm Beach Counties to coordinate and collaborate on climate change action across county lines and is internationally recognized as a leading example of regional-scale climate action. The Climate Leadership Summit is an annual major event focused on facilitating climate-related collaboration, typically bringing together over 700 thought leaders from business, government, higher education, and nonprofits at panel discussions and networking breaks.

Program

The 15th Annual Southeast Florida Regional Climate Leadership Summit will take place on **November 16 - 17, 2023** at the Miami Beach Convention Center.

- *Thursday, November 16th: Registration, Full Day Program, Welcome Reception*
- *Friday, November 17th: Half-Day Program*

Advantages & Benefits

PROMOTION

Sponsors participating in the summit will have a strong local presence in a major showcase thanks to the media impact of the event.

NETWORKING

As a large climate conference with a local focus this event will attract climate action change makers and leaders from across the region.

BUSINESS GENERATION

Given the large number of participants from a wide range of fields, the summit is a unique occasion to generate new business opportunities.

KNOWLEDGE

Attendees will hear from experts in the field discussing emerging topics and regional initiatives, successes and challenges.

Marketing and Communication Strategies

We have designed a communication strategy to give the highest visibility to all event participants. Our mission is to help sponsors generate **high impact** before, during and after the event, promoting **maximum return on investment**.

Social media exposure, campaigns, engagement, promotions, email marketing

Networking events, interviews

Relationship building with partners and sponsors, community connections

Media relations, press release, media advisory, media partnerships, media exposure & more...

Branding and collaterals, cobranding opportunities, event app branding

Public Relations

Venue

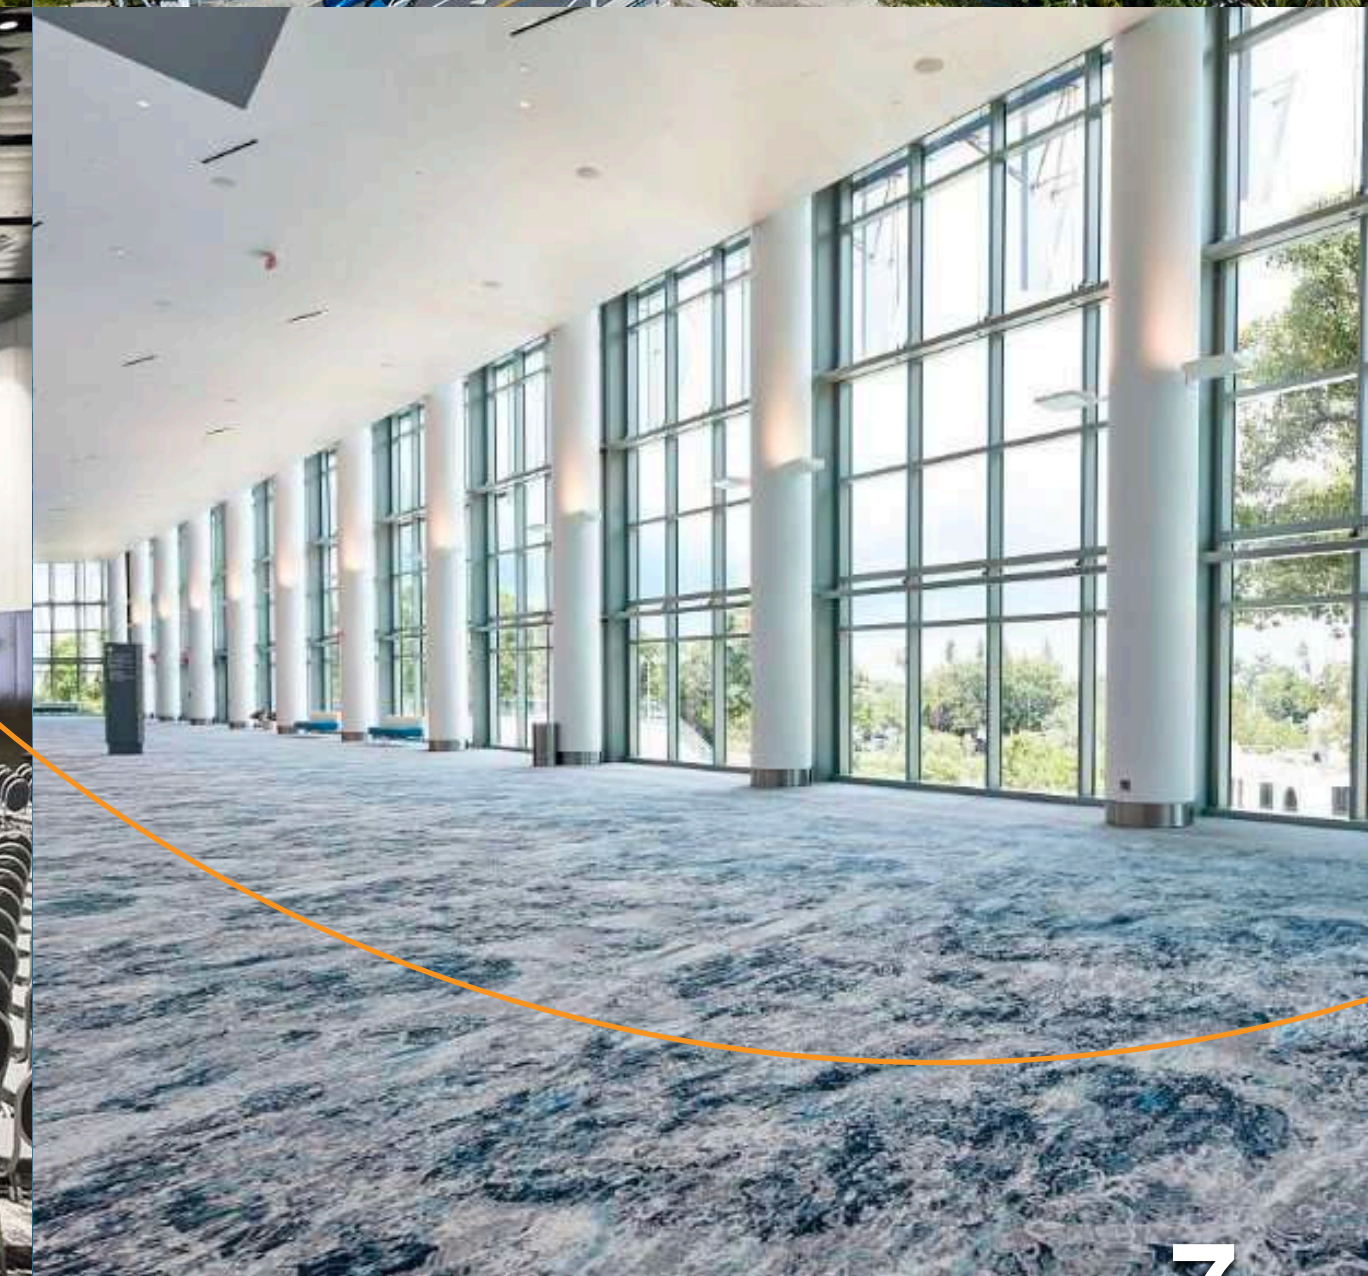

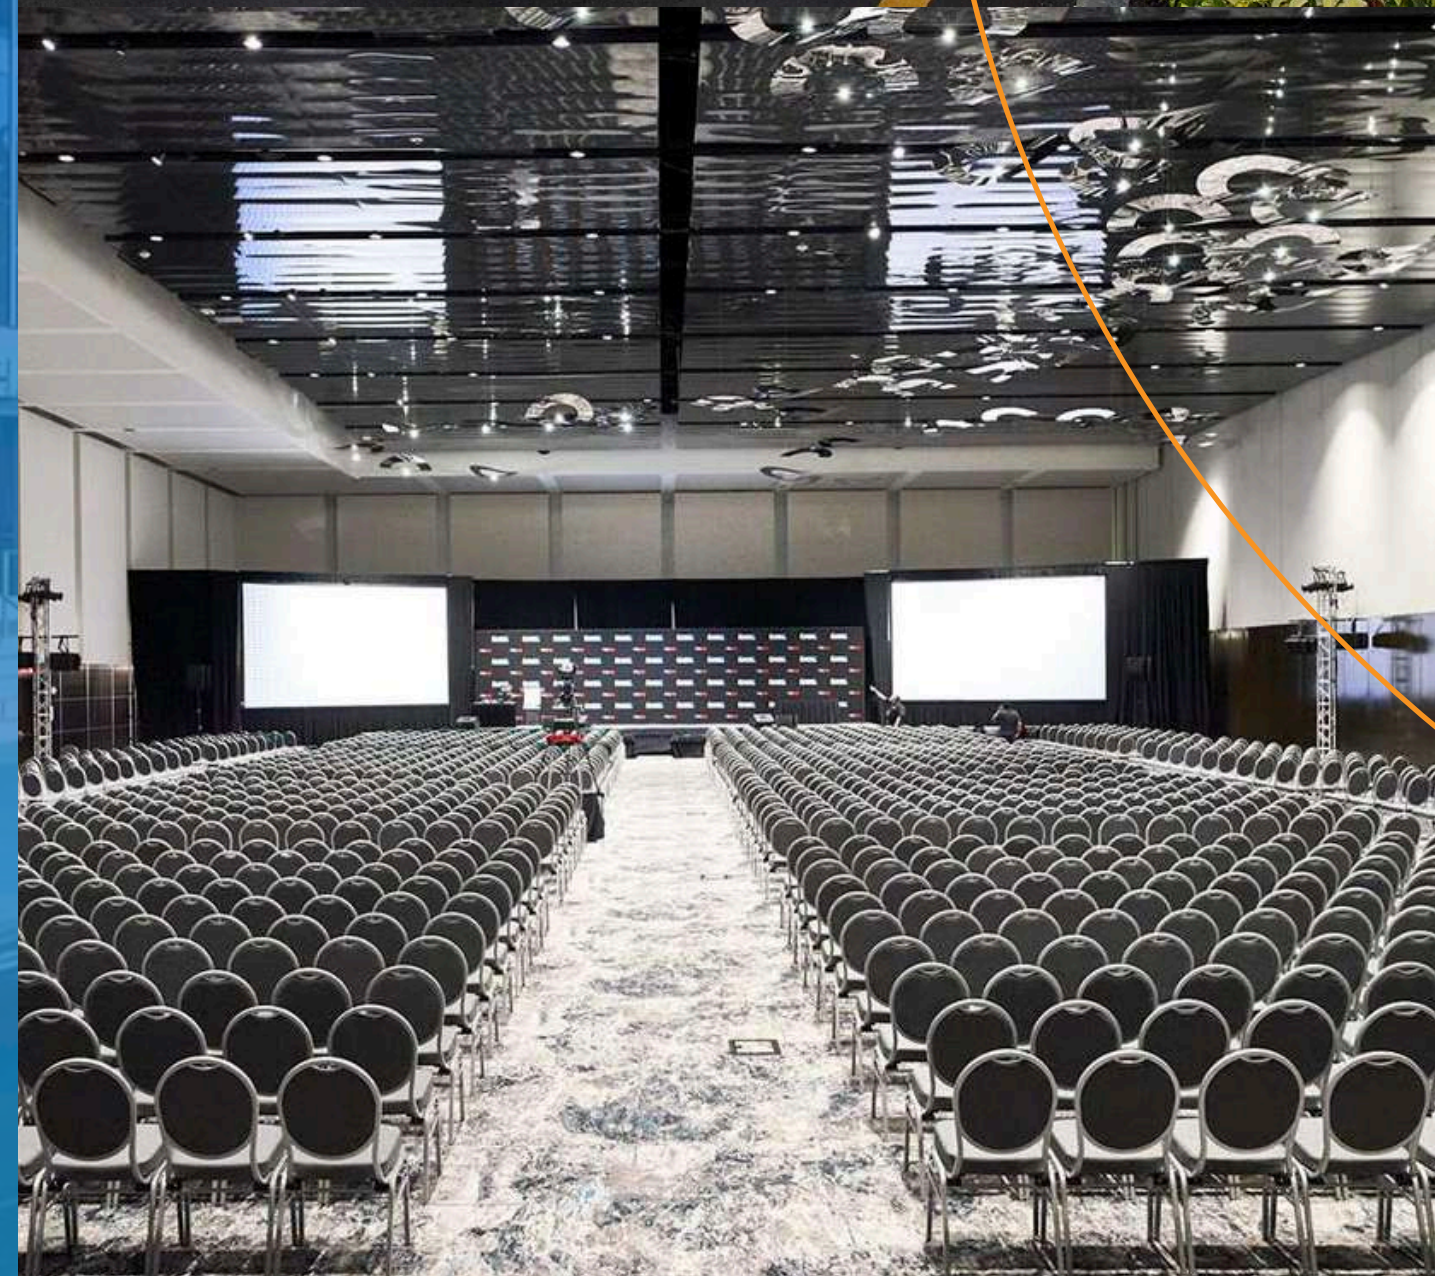

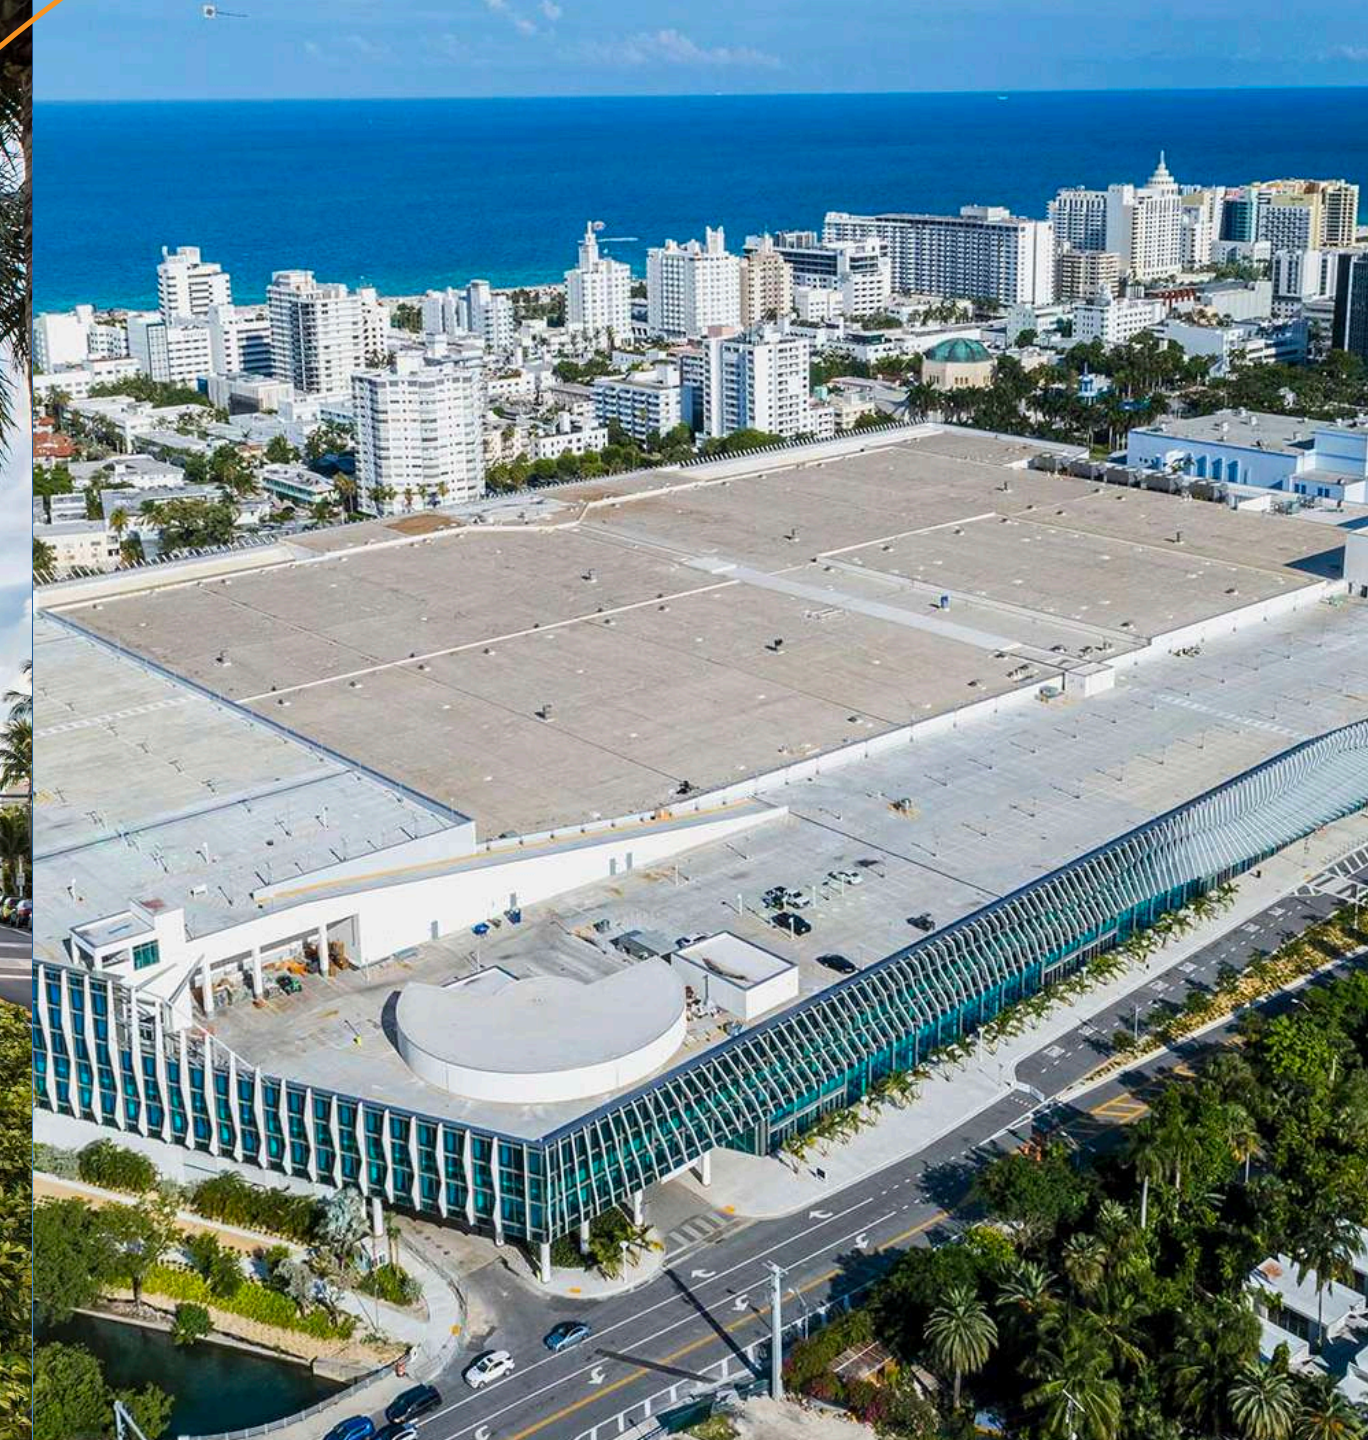

The 15th Annual Southeast Florida Regional Climate Leadership Summit will be held at the Miami Beach Convention Center.

Situated in a prime geographic location, the convention center has a capacity for 3,000 people and a total of 1.4-million-square-feet of space.

Address:

**1901 Convention Center Drive
Miami Beach, FL 33139**
